5 – 20
hour
courses

The Jigsaw Learning Hub brings together **flexible, self-paced, ICF-approved professional development** designed to deepen coaching, mentoring, supervision and leadership practice.

Learn in your own time, **from anywhere in the world**, while balancing professional and personal commitments.

Each course combines **relevant theory** with reflection and **practical application**. Across the collection you will find recorded professional conversations, demonstrations, downloadable resources, knowledge checks and opportunities to translate learning directly into practice.

Your journey. Your pace. Your growth.

10 ICF CCE HOURS

**8 Core Competencies
+ 2 Resource Development**

Explore how effective questioning deepens coach presence and supports client insight. Examine open and closed questions, bias in questioning and ICF Core Competency 7, with the opportunity to observe a full MCC-style conversation.

10 ICF CCE HOURS

**8 Core Competencies
+ 2 Resource Development**

Develop confidence in using self-as-instrument while distinguishing intuition from assumptions, transference, parallel process and cognitive or confirmation bias. Learn to use intuitive data responsibly and without attachment.

10 ICF CCE HOURS

**8 Core Competencies
+ 2 Resource Development**

Practical learning for leaders who want to improve performance, engagement and accountability without becoming professional coaches. Build skills in active listening, curious questioning and developmental conversations.

NEURO-INCLUSIVE COACHING

20 ICF CCE HOURS

**15 Core Competencies
+ 5 Resource Development**

Build the knowledge, awareness and practical strategies to coach neurodivergent clients more inclusively. Explore neurodiversity, communication, cognitive bias and adaptations to practice, supported by demonstrations, resources and reflection.

EMBODYING COACHING MASTERY: PCC TO MCC

20 ICF CCE HOURS

**18 Core Competencies
+ 2 Resource Development**

Advanced learning for experienced coaches seeking to deepen their practice and align with ICF MCC standards. Includes four full coaching conversations, detailed exploration of MCC BARS and minimum skills, and expert analysis.

ACTIVE LISTENING SKILLS FOR COACHES

10 ICF CCE HOURS

**8 Core Competencies
+ 2 Resource Development**

Deepen the discipline of listening within and across sessions. Explore ICF Core Competency 6, relevant BARS and Marker, practical listening strategies, an MCC-style coaching conversation and personal development planning.

MINDFULNESS IN PROFESSIONAL PRACTICE

10 ICF CCE HOURS

**8 Core Competencies
+ 2 Resource Development**

A practical, experiential course supporting helping professionals to integrate mindfulness into client work and their own practice. Develop focus, presence, resilience and wellbeing while supporting clarity, emotional regulation and insight.

AN INTRODUCTION TO SUPERVISION

5 ICF CCE HOURS

**4 Core Competencies
+ 1 Resource Development**

Explore the purpose and principles of coaching supervision, the supervisor-supervisee relationship, trust, power, boundaries and ethical practice. Includes reflection on ICF and EMCC frameworks and a recorded supervision session.

EXPLORING REFLECTIVE PRACTICE

5 ICF CCE HOURS

**2.5 Core Competencies
+ 2.5 Resource Development**

Strengthen professional practice through self-examination and critical thinking. Explore experiences, insights, biases, actions and decisions, identify patterns and build practical approaches for ongoing reflective development.
